2000-2004 **Harvard University** **Cambridge, MA**

- Bachelor of Arts in Computer Science.
- Coursework included building a microprocessor (CS141), programming an operating system (CS161).

EXPERIENCE

2004-present **D. E. Shaw & Co.** **New York, NY**

Vice President / Special Technology Coordinator for the CEO

- Reporting jointly to the head of IT/Systems and to David Shaw directly, responsible for maintaining David Shaw's day-to-day technology needs as well as longer term technology-related projects.
- Grew the company's videoconferencing infrastructure from 3 rooms to 60+ rooms plus videoconferencing on the desktop of every employee in the firm.
- Managed the technology side of approximately 15 conference room build-outs (including technical research and project management) and created company standards for future build-outs.

2005-present **Wall Street Volunteers** **New York, NY**

Executive Board

- Board members are responsible for strategic planning, planning events such as fundraisers and volunteer events.
- Personally responsible for developing and maintaining the website (www.wallstreetvolunteers.org), in particular adding functionality so that non-profits can update their own opportunity and event listings.

2007-present **Babel Theatre Project** **New York, NY**

Advisory Board

- Board members are responsible for fundraising and advising the company's producer and director.
- Personally responsible for raising over \$1000.

2003 **Harvard-Radcliffe Dramatic Club** **Cambridge, MA**

Executive Board – Technical Liaison

- Developed, programmed, and documented the Harvard Theater Database.
- Implemented the technical theater requirement for actors; helped institutionalize the Visiting Director Project.

Summer, 2003 **Harvard-Radcliffe Summer Theatre** **Cambridge, MA**

Executive Producer

- Led a financially self-sufficient organization of approximately 80 cast, staff members, and interns in a season of three theatrical productions.

Summer, 2003 **Harvard Student Agencies** **Cambridge, MA**

Director of Information Technology

- Network administrator for approximately 150 users.
- Improved network infrastructure in the areas of security, backup, and user management.

1998-2003 **Keystone Computer Solutions, LP** **St. Louis, MO**

General Partner & Co-Founder

- Provided value-added resale and consulting services to businesses, school districts, and home users in St. Louis.
- Customers included: St. Charles Automotive, Clayton School District, Conrad Properties, Immacolata School of Clayton, Pace Properties Inc., Ladue School District.
